HOW WE STAYED CONNECTED

- Joshua Tree climbing retreat
- Marriage retreat
- Weekly climbing nights in Texas and North Carolina
- Annual Run Ranger Run fundraiser and fitness event
- Creation of the GallantFew Veteran Employee Resource Group
- VetExpo conference

At the core of GallantFew's service to veterans is the Azimuth Check, which provides a snapshot of a veteran's level of overall functional fitness in five areas: spiritual, physical, social, emotional, and professional. These core areas are the foundation to a veteran's successful transition. Information from the Azimuth Check helps the GallantFew team identify the best resources to guide a veteran to optimal total fitness.

Veterans Served 2019

- Veterans in this state received services
- Help us connect with veterans in this state!

Message from the Executive Director

In 2019 GallantFew continued growth in numbers of veterans served, in services provided to those veterans, and in Run Ranger Run participants. In 2019 GallantFew served veterans in over 40 states and overseas.

As GallantFew enters its tenth year serving veterans, we would like to thank those who have made executing our mission possible. Without our supporters, we could not have provided our incredible veterans with over 8,000 services.

Be Brave. Be Bold. Be Gallant!
- Karl

"Without GallantFew I would have struggled to find where I fit in after leaving the military. GallantFew helped me find like-minded people that share the same values and interests I do, and encouraged me to think outside of my normal thought process when I connect with people. Thank you for restoring hope in me and helping me identify my purpose on this earth."

- ARMY VETERAN TESTIMONIAL

To our donors,
We cannot thank you enough for your unwavering financial support of the GallantFew mission. Thanks to your generous contributions, GallantFew's impact on our invaluable veteran community is greater than ever before.

Announcing the inaugural Patriot Challenge

From growth comes change! We're thrilled to announce Run Ranger Run is now called Patriot Challenge.

Run Ranger Run has grown from a mileage tracking event that raised funds purely for GallantFew to an all-inclusive virtual exercise event that raises funds for GallantFew AND an approved veteran initiative of your team's choosing.

Changing to Patriot Challenge has opened the doors to non-runners, bikers, hikers, and rowers to anyone who enjoys any exercise. It also welcomes more of our veteran and non-veteran community alike; after all, we are all patriots!
